Commodore's Corner

Rick Dinon

Well, the Opening Days are in full swing and the hospitality has been wonderful. The ceremonies are all a bit different but have much in common. It's terrific witnessing how each club interprets and executes our yachting traditions.

Great respect is afforded the guests of visiting clubs. I think that's recognition of our shared objectives to serve their members and promote boating. The youth programs in particular are critical to assuring the continuation of our boating recreation, providing a source of new members, a pathway to leadership, and a respect for healthy competition.

Recognition is the one path we have to reward our volunteer members. It was really gratifying to see the clubs recognize their members' special efforts with certificates, plaques, trophies, or simply by calling out their names and telling of their contributions. It was more about being recognized for special achievement than being the recipient of hardware. So, now is the time to pay attention and document the special work of a member and be sure to recognize their efforts through the many awards available through your clubs, associations, or SCYA itself.

The Newport to Ensenada Race has wrapped up--- a tip of the hat to those who hung in through wet long nights, calm winds and drifting conditions. I did that race for ten years and know full well the long preparation, discomfort, frustration and course decisions. I also remember the breezes filling in, the warming of the sunrises, powering through in a fresh wind, and the excitement of an approaching finish. It is a shared experience we value and remember. And, if you trophy, it's icing on the cake.

Speaking of Ensenada, remember to hold the date for the Commodores' Cruise to Hotel Coral October 4th to the 7th. This is to celebrate the Commodores of SCYA member clubs and Associations, so get that on your calendars and look out for more information. It's going to be fun!

---Rick

Shoreline Yacht Club
and Long Beach Yacht
Club are
Mainland Hosts For
The Transpac Race

2019 is the 50th Transpac Race and it is now the largest fleet in the history of the race.

Come to Long Beach this July to see the starts for one of the greatest sailboat races in the world today.

As in the past, Shoreline Yacht Club will help host the mainland end of the race. this year Long Beach Yacht Club will be partnering with them. They are responsible for helping send-off of the fleets on each of the start dates July 10th, 12th, and 13th.

Transpac Yacht Club will also have its biennial send off party at Gladston's next to Pine Avenue Pier on July 6, 2019. Shoreline Yacht Club will host a "First Starters" party at their on July 5th, 2019.

For more information and all the important dates, go to Transpac YC website at 2019transpacyc.com

Another N2E in the Books
Laurie Morrison, NOSA

Winds for the 72nd annual Newport to Ensenada were light, but long on fun with tight competition.

Although all eyes were on the amazing AC45, a foiling sailboat rarely seen in the waters of Southern California, it was an Australian boat that took home the top prizes for speed and a Newport Beach boat that took home the biggest prizes of

the competition for Overall Best Corrected, Overall, Best Corrected PHRF and Best

Corrected Maxi. *Vesper*, of Newport Harbor Yacht Club, hosts of the very first N2E, owned by skipper David Team, credited the win to their navigator regular team practices. All of the team have a long history of sailing and have individually sailed many N2E's in the past, but this was the first time on *Vesper*, a TP 52 rigged for Mediterranean style buoy races - the boat has no head, no sink, no bunks - all which create additional motivation to get to Ensenada super fast!

Alive, the Reichel Pugh 66 with the lowest rating of the race did not disappoint. Although the winds were too light for the boat, that arrived only weeks ago from Australia, no records were set, but three trophies will be headed back to the Sailing Squadron of Tasmania for a year.

*Please read the following notice
on copper-based paints!*

CALIFORNIA REGIONAL WATER QUALITY CONTROL BOARD
SANTA ANA REGION
NOTICE OF PUBLIC WORKSHOPS
Basin Plan Amendments to Incorporate Total Maximum Daily Loads for Copper
and Non-TMDL Action Plans for other Metals in Newport Bay

Notice is hereby given that staff of the California Regional Water Quality Control Board, Santa Ana Region (Regional Board) will conduct two public workshops to obtain additional public comments regarding proposed amendments to the Water Quality Control Plan for the Santa Ana River Basin (Basin Plan) to incorporate Total Maximum Daily Loads (TMDLs) for copper (Cu) and Non-TMDL Action Plans for zinc (Zn), mercury (Hg), arsenic (As) and chromium (Cr) in Newport Bay, Orange County, California. The workshops will be held as follows:

DATE: May 9, 2019
TIME: 5:30 – 7:30 p.m.
LOCATION: Marina Park Community Center – Event Room
1600 W. Balboa Blvd.
Newport Beach, CA 92663

DATE: May 10, 2019
TIME: 11:30 a.m. – 1:30 p.m.
LOCATION: Newport Beach Central Library – Friends Room
1000 Avocado Ave.
Newport Beach, CA 92660

No action will be taken at these workshops to consider adoption of the proposed amendments, which may be revised based on the comments received at the workshops. The Regional Board will hold a subsequent public hearing for this purpose. If ultimately approved by the Regional Board, State Water Resources Control Board and U.S. Environmental Protection Agency (USEPA), the Copper (Cu) TMDLs and Non-TMDL Action Plans will supplant TMDLs promulgated in 2002 by USEPA for metals in Newport Bay. Recommended implementation strategies to address Cu, Zn, Hg and As are included in the amendments.

The proposed Basin Plan amendments and supporting documentation, including the Staff Report 2016, Supplemental Staff Report and draft Substitute Environmental Document (SED), which evaluates the potential for significant adverse environmental impacts as a result of the amendments, can be viewed at the Regional Board website at https://www.waterboards.ca.gov/santaana/water_issues/programs/tmdl/tmdl_metals.html or by request to Regional Board staff at (951) 782-4130. These documents may also be reviewed at the Regional Board office located at 3737 Main Street, Suite 500, Riverside, California, by appointment scheduled between 9:00 a.m. and 3:00 p.m. Monday through Friday. Appointments may be scheduled by calling the office at (951) 782-4130.

For the sake of accuracy of the record, please provide written summaries of oral comments/questions presented at the workshops to the extent feasible. These written comments/questions should be submitted electronically to Linda Candelaria, PhD at RB8.CuTMDL@Waterboards.ca.gov, or by mail or hand-delivery to the following: Linda Candelaria, PhD Santa Ana Regional Water Quality Control Board 3737 Main Street, Suite 500 Riverside, CA 92501-3348.

From the Vice Commodore *John Marshall*

Greetings from the “Deviled Egg Circuit!” Just another expression to describe the great food enjoyed at the Opening Day ceremonies at a variety of SCYA member clubs! All in all, it’s a great opportunity to enjoy the hospitality extended by our many yacht clubs and be able to begin new friendships and renew old friendships with the fine people in our yachting community.

We had a great turnout for the SCYA “Medical Emergencies at Sea” seminar held at Long Beach Yacht

Club on Saturday, April 13th. Dr. Jerry Hughes and SCYA Fleet Surgeon Dr. Mark Stone kept the attention of the 44 attendees through a mix of education and humor! South Shore Yacht Club and Dana Point Yacht Club were the Organizing Authority for their 25th Annual Ensenada Tune-Up race that same Saturday. We had 33 boats sign up and we had to add a fifth start! I'm still a little deaf in one ear from being in close proximity to the cannon that we fired 6 times!

As I write this, most of the 201 boats in the 72nd running of the Newport-to-Ensenada Race have reached port safely in Ensenada. For the life of me, I can't believe we used to run this race without the benefit of the Yellow Brick Tracker! Congratulations to NOSA Commodore Dan Hodge and the over 100 volunteers that make the N2E regatta so special every year!

We'll see you on the water!

---John

If you have ever dreamed of a cruise to exotic Mexico with friends and planned on having lots of fun in an organized, coordinated group down the coast of Baja, this is your event!

With warm breezes, beautiful following seas, and soft sand ashore, you will experience the magic of the Baja Peninsula. You will cruise to different ports accompanied by fifty other power cruisers of like mind. In each port, you will be hosted to fabulous receptions and activities all coordinated by the CUBAR Committee of San Diego Yacht Club. This biennial event specifically planned for power boat cruisers makes getting to La Paz, Mexico a load of fun with lots of support.

The CUBAR Committee invites you to a kickoff and fundraising dinner on **Saturday, May 18, 2019** at the San Diego Yacht Club. Learn more information to help plan your trip and to prepare your boat.

Please visit the official website at www.cubar.org to join the Interest List and find out more.
