The SCYA grieves with the boating and diving communities in the wake of this horrible tragedy aboard Conception. We encourage everyone to seek out trustworthy charities

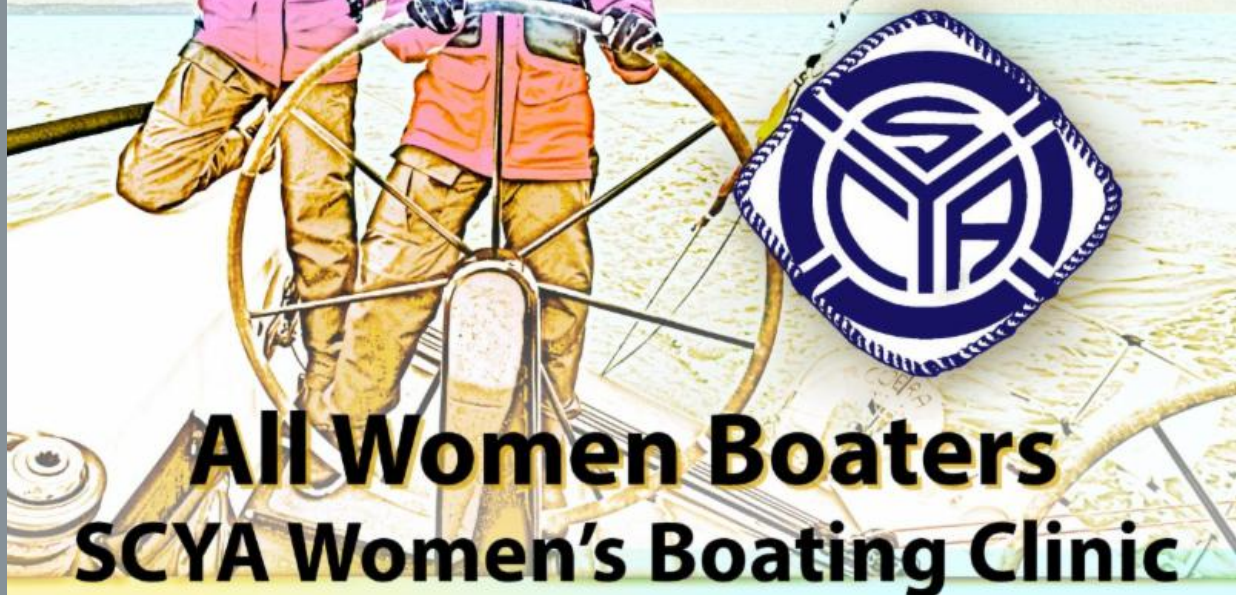

and relief funds to help families and friends get through this terrible time.

Stay safe on the water.

Board Meeting 1030 hours

It's Not too Late to Register!

Commodore's Corner ***Rick Dinon***

Congratulations to those of you who got out on the water for Summer Sailstice in June. Marlyn and I finally got the boat over to our Cat Harbor mooring the first time since August last year. That's the longest we have gone without using our boat for an extended cruise. And, it showed. There were electrical gremlins galore and even a leak to the bilge. We chased the electrical issues, fixed a few and have a plan for the rest and got the leak resolved. There's a lesson in there about the value of using your boat regularly. We went back in July, joining Del Rey Y.C. as guests; great fun and some fewer boat issues. Of course, in August, we found the divers had left the

power off and everything in the refrigerator & freezer was spoiled.

Please note the following SCYA-sponsored events. Please make every effort to attend!
Women In Boating Clinic on September 7 at Los Angeles Yacht Club. It is an all-day event with many subjects covered including on-the-water time.

Old Timers' Luncheon September 14 at Los Angeles Yacht Club This is great fun and an opportunity to catch up with old friends. Make your reservations via SCYA.org.

· Club Membership Seminar and Workshop on October 26 at Cabrillo Beach Yacht Club. This will be an excellent opportunity to share approaches to retention, acquisition, screening, challenges and opportunities.

You may have seen an ad in "the Log" that SCYA is seeking a commissioned individual for sponsorship sales. This is a great opportunity for someone that would like to make some

supplemental income for the season and have some fun doing it. It isn't geographically critical either. If you or someone else is interested, call Sylvia, the Office Manager at (562) 433-7426.

See you on the water!

CREW OF 2 AROUND CATALINA

THE ULTIMATE TEST OF NAUTICAL SKILL AND ENDURANCE

SEPTEMBER 21-22 2019

WWW.SOUTHSHOREYC.COM/RACING

From the Vice Commodore
John Marshall

The 2019 Transpac race is now in the

books. One of our yacht club's Staff Commodores bought a condo on Ala Moana Boulevard, so we found ourselves with a home base to pre-party between Hawaii Yacht Club and Waikiki Yacht Club and all within easy walking distance. Hawaii Yacht Club is a 2-story structure surrounded by grass and palm trees, while Waikiki Yacht Club is a single-story structure, but very long. There was a shuttle boat that would bring the crews from one side of Ala Wai Harbor to the other.

We experienced a great time socializing with all the racers. When asked what boat I was on, I informed them we crossed the ocean in only 5 hours, because, "Nothing goes to weather better than an Air Bus 320 at 600 knots!" Many boats had issues with the large garbage patch in the Pacific Ocean, some 1,400 miles off California's coast. One of the multi-hulls, Maserati, struck an object in the wee hours of the morning. Back in the Ala Wai Yacht Harbor, she was up on dry dock making repairs to her port hull before she could go on to the next race. The summer beer can races are wrapping up for the season. Please refer to SCYA's race calendar for the next yacht racing opportunity in your area. We'll see you on the water and at the SCYA Commodores' Cruise at the Hotel Coral in Ensenada!

---John

SCYA

Membership Workshop

The Lifeblood of your club!

Saturday, October 26, 2019

9:30 AM to 2:00 PM

Cabrillo Beach Yacht Club

211 W. 22nd St., San Pedro, CA 90731

Plan to attend the SCYA sponsored Membership Workshop designed for Membership Chairs, Officers and members at large to network and discuss best practices for all things...

- Membership -

Breakout sessions to include:

Planning a successful membership campaign

Attracting younger members and families

On-boarding and member retention

Book signing to follow.

\$35 per person. Includes a working lunch.

Make your reservations today at SCYA.org

Grant Applications for Clean Vessel Act Education & Outreach Program Due October 14

The California State Parks Division of Boating and Waterways (DBW) is accepting grant applications for the Clean Vessel Act Education and Outreach Program. A maximum of \$262,000 of federal funding per targeted region is available to

organizations for educating coastal and Sacramento-San Joaquin Delta boaters about proper vessel sewage disposal, the use of pumpout facilities, and to monitor pumpout stations in the identified regions. The deadline to submit applications is Oct. 14, 2019 at 10 am.

Submit hard copies to:
California State Parks Division of Boating and Waterways Clean Vessel Education & Outreach Grant Program
Attn: Deborah Holmes
One Capitol Mall
Suite 500
Sacramento, CA 95814

This grant program serves as an important educational opportunity for organizations to inform the recreational boating community about sewage related issues, impacts, resources available to them, and proper vessel sewage disposal practices to encourage the use of pumpout facilities and mobile pumpout services.

The program targets the following two geographic regions in California (inland work performed beyond the Sacramento-San Joaquin Delta area does not qualify for grant funding):

- San Francisco Bay-Delta Estuary: San Mateo, San Francisco, Santa Clara, Alameda, Contra Costa, San Joaquin, Sacramento, Solano, Napa, Sonoma, Marin, Santa Cruz and Monterey counties.
- Southern California Coastal Counties: Santa Barbara, Ventura, Los Angeles, Orange, San Diego and San Luis Obispo counties.

DBW will fund two grants (one for each targeted California geographic region) that will develop and implement a 12 month Clean Vessel Act Boater Education and Outreach Program for each of the two targeted geographic regions mentioned above. Each regional grant must include: 1) education and outreach and 2) monitoring. Applications will be evaluated and ranked according to how each application proposal demonstrates comprehensive and proven methods for meeting grant program goals.
