**Guest Speaker:** Peter Phillips, of San Diego Yacht Club and our Adaptive Sailing Chair, will give a brief update on regional programs.

### **Entertainment!**

*Dorothy Barth*, is a classically trained violinist and recording artist. She performs throughout Southern California, and earned her music degree from Stamford University. Early teachers include Karel Blass; Alice Schoenfeld; Kenneth Fiske; and Kenneth Goldsmith. Look for her recordings under the record label "Kammeraderie"

Barth plays a variety of genres, but her repertory for the SCYA's Saint Patrick's Day Brunch Meeting includes Irish, Scottish, and Welsh selections as well as English Country Dances. She also performs enchanting slow airs in the Irish unaccompanied tradition on either violin or recorder. Husband, Bert, also a musician, adds coloratura to her performances. Enjoy!

### **Commodore's Corner**

***Rick Dinon***

It's a whirlwind period for our member clubs: new bridges and committee heads sort out their responsibilities and plans; race committees get their heads together with their fleets and harbor associations to plan their Midwinters participation, and everyone works to have a great opening day while all this is going on. Whew!

We really enjoy Opening Days! It's a terrific time to observe how different clubs handle the traditions as well as their own individualized aspects of the events. The bridges, directors, committees and staffs are rightly proud to show off their clubs and the things that make them unique.

More than anything else, Opening Days offer a time to meet members of other clubs and renew friendships. Ultimately, we share the same interests, challenges and priorities regardless of our club's location, history or branding. It is that common bond that defines us and makes it all worthwhile. Cheers!

### From the Vice Commodore John Marshall

It was an honor and privilege to recognize all of the sailors participating in the 90<sup>th</sup> Edition of the SCYA Midwinters Regatta. Midwinter truly lived up to its name in that all of our 26 venues were dodging raindrops on one weekend or the other. Plus, the high winds were impacting some of the smaller class boats and some

were forced to reschedule for safety reasons. All that being said, the racers had a wonderful time and the competition was fierce!

I was fortunate to participate in the Awards Ceremony at the new Newport Harbor Yacht Club. They had over 60 sabots entered for the Midwinters Regatta. The NHYC race committee did a fantastic job with kids. At times, it was like herding cats, but their infectious enthusiasm and true Corinthian spirit could not be denied. Many yacht clubs were represented in the regatta. Mission Bay Yacht Club had a trailer that hauled a dozen Naples Sabots and was the largest contingent there, judging by the amount of noise they created when one of their own was awarded a trophy.

**Dates have been announced for the 2020 SCYA Midwinters: February 8-9 and February 15-16.** Put that on your calendars and we'll see you on the water!

## **Navy Midshipmen Return to Defend Title in Port of Los Angeles Harbor Cup**

The US Naval Academy Midshipmen will return to the Port of Los Angeles Harbor Cup regatta March 8-10 2019 to defend their hard-fought title of 2018.

Competing in every Harbor Cup since its inception, Navy's victory last year was their first in this prestigious invitational intercollegiate big boat regatta. Also returning is 2018 runner-up University of California Santa Barbara and five-time champion California State University Maritime Academy.

The Harbor Cup was founded in 2008, "to encourage young men and women to enjoy the benefits of competitive sailing." Hosted by Cal Maritime, the Port of Los Angeles and Los Angeles Yacht Club, it is unique in providing an opportunity to participate in one-design big boat offshore competition. Typically, college level sailing is held in small one- or two-person dinghies in protected waters; making the Harbor Cup a particularly coveted and distinguished event.

Since its inception, over 900 athletes and coaches, racing on 115 intercollegiate sailing teams and representing 23 different universities, have competed in the Harbor Cup. Challengers are invited from four West Coast and four East Coast teams, plus two "President's choice." Teams of eight sailors, including at least two female crew, travel from across the nation and oceans to LAYC, where they receive a warm welcome, meals, accommodations and a spectacular racing platform and venue.

The three-day program at Los Angeles Yacht Club commences Friday March 8 with a 10AM Skippers Meeting, followed by a series of practice starts. The first of an estimated 10 races will begin at 1:30PM Friday and run through Sunday March 10. Races are held in the challenging waters outside the Los Angeles breakwater aboard a fleet of matched 37-foot Catalina keelboats, identically rigged and maintained to provide the fairest possible competition.

Evening activities will include a hosted dinner with keynote speaker Gary Jobson, Saturday March 9 at 6:30PM. A former All-American collegiate sailor himself, Jobson won the America's Cup in 1977 as tactician for Ted Turner, aboard Courageous, and went on to become a leading broadcast producer, lecturer and writer. His talk, "What Sailing Can You Do After College?" will feature films and stories of inspiration from America's Cup, Olympics and round-the-world racing.

## **CONGRESSIONAL CUP**®

### **Top-Notch Race Action Awaits You!** **Long Beach Congressional Cup**

Imagine 50-yard-line seats at the Superbowl. Floor seats at an NBA Championship, or behind the dugout at the World Series!

Find that hard to envision? What about front-row seats at one of the world's top yacht racing events: the Congressional Cup!

The Congressional Cup is one of the leading match race events in the sport, bringing top talent from around the globe to contend in thrilling one-on-one matches. This prestigious Grade One Match Race regatta, hosted by Long Beach Yacht Club, returns to Long Beach April 3 - 7, 2019. Top-ranked skippers and their teams will vie in double round robins aboard one-design Catalina 37s, squaring off against each rival twice, with the lucky front runners advancing into semi-finals and finals.

This exciting competition takes place directly off the Long Beach Belmont Veterans Memorial Pier, where spectators can enjoy the action and commentary FREE OF CHARGE from 11:30AM to 5PM daily.

Compelling and insightful play-by-play will be announced by none other than pro TV personality Tucker Thompson, official Host of the 35th America's Cup. There will also be music and entertainment, refreshments, bleachers, and an enthusiastic crowd of fellow boaters who convene from far and wide to enjoy the spectacle.

Enjoy this FREE premier racing experience, in our own backyard, at Belmont Veterans Memorial Pier, 15 39th Place in Long Beach, CA, where you'll find convenient parking and full facilities.

Can't make it to the waterfront? Friday April 5 through Sunday April 7, LBYC will offer live-streaming coverage and features to viewers around the globe on Facebook and their

## **DOCKWALKER**

### **Become a 2019 Partner Dockwalker!**

The California State Parks Division of Boating and Waterways and the California Coastal Commission's Boating Clean & Green Program, and The Bay Foundation in partnership with the US Coast Guard Auxiliary, the US Power Squadrons, Lake Berryessa Partnership, Save Our Shores and many more organizations will conduct free Dockwalker trainings this year.

Dockwalkers are trained to engage members of the public and the boating community to adopt clean boating practices. Dockwalkers share clean boating information with boaters and distribute educational materials 2019 Boater Kits, while visiting marinas, launch ramps, marine supply stores, boat shows and special events (i.e. regattas, opening days, among others). "Dockwalker" is only a general term because you do not need to "walk the docks" in order to talk to boaters about safety and clean boating practices. Remember safety and the environment go hand in hand.

Dockwalking is a fantastic way to interact with boaters to help keep California's marinas, waterways, and ocean clean and healthy. The training provides an overview of potential sources of boat pollution, federal and state laws, environmentally-sound boating practices, information on how to conduct Dockwalking, and an overview of the educational materials Dockwalkers will distribute.

Since 2000, more than a 1,000 Dockwalkers have taught 10,000 boaters about oil, fuel, sewage, trash and marine debris prevention. Participation in the program, including the

training sessions, qualifies as community service.

If you are already a trained Dockwalker and were trained more than three years ago, please join us this year for a refresher class.

Trainings are free. Visit the [Dockwalker website](#) to view the full training schedule (11 trainings), locations, and to sign-up. Check the volunteer videos and learn what volunteer Dockwalkers are saying about the Program.

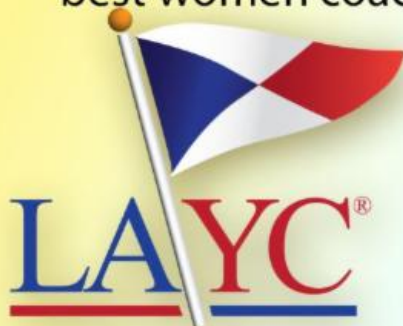

Anyone from 15 to 100 years young with an interest in water quality and sharing clean boating information (regardless of your background) can become a Dockwalker!
