Tiebreaker Formula

In the event of a tie for COY the following shall be used to break any tie(s).

For each Commodore, Vice Commodore and Rear Commodore attending a regular SCYA membership meeting, the total COY points earned by a club will be increased by the sum of the following:

- Commodore –0.005 times the club’s total points
- Vice Commodore –0.003 times the club’s total points
- Rear Commodore –0.001 times the club’s total points

The examples below use 80 as the club’s total points.

EXAMPLE 1 – Commodore attends 2 meetings:

$$2 \times 0.005 = 0.01$$

$$0.01 \times 80 = 0.8$$

$$0.8 + 80 = 80.8 \text{ adjusted total points}$$

EXAMPLE 2 – Commodore attends 2 meetings and Vice Commodore attends one:

$$2 \times 0.005 = 0.01 \text{ (Commodore)}$$

$$1 \times 0.003 = 0.003 \text{ (Vice Commodore)}$$

$$0.01 + 0.003 = 0.013$$

$$.013 \times 80 = 1.04$$

$$1.04 + 80 = 81.04 \text{ adjusted total points}$$

The COY Committee shall use the regular meeting sign in sheets as the sole source of confirming meeting attendance.
